

SOUL OF SOUTH AFRICA

This is your final boarding call! We have just two spaces remaining on our ladies-only **'Soul of South Africa'** safari departing in May this year.

This is a journey of three parts. Cape Town's creative energy takes centre stage as we shop the city's best boutiques and discover local designers, wander the colourful streets of The Bo-Kaap and taste the flavours of Cape Malay soul. A private jewellery-making class will see you crafting your own piece to take home – a beautiful, wearable reminder of the trip – and the iconic views from Table Mountain are every bit as breathtaking as you might imagine.

Then it's off on safari for an extraordinary 'Big Five' wildlife experience. This is big cat country, where close encounters with lion and leopard occur daily, along with sightings of rhino, cheetah and elephant moving majestically through the bush. Hearing lions roaring across the plains at night is nothing short of electrifying!

All that excitement is carefully balanced with some time to kick back on the Western Cape – think quaint villages, a stunning coastline brimming with marine life, wine tasting, cheese boards and long, indulgent lunches overlooking tranquil lagoons and fynbos-covered hills. In short: Heaven!

If you're looking for an effortlessly chic adventure that captures the warm heart and soulful beauty of South Africa, this one's for you.
